## Header Bags / TAG-BAG®

The TAG-BAG® is a high quality custom made polypropylene Header Bag, manufactured with a re-enforced integral header and designed for hand packing small, flat or lightweight products.

### The benefits and advantages

#### *Marketing*

- wide variety of print and design options
- maximizes utilization of display area
- flexible point of sale options
- excellent brand projection
- 100% product visibility

#### *Practicality*

- integral header, with hole, re-enforced for excellent tear resistance
- wide range of sizes
- printed or plain
- ease of hand filling
- no specialized machines required
- permanent or resealable self seal strip

#### *Size Options*

- width: min. 40mm, max. 450mm
- length: min. 25mm, max. 600mm
- header: min. 25mm, max. 90mm
- alternative sizes considered on request

#### *Environment & Safety*

- lower material weight versus most alternatives
- mono material for ease of recycling
- FDA food contact approved
- no staples

#### *Design format*

- top or bottom fill
- printed or unprinted
- eurohole or round hole in header
- bags with a lip & permanent or resealable self seal strip
- double pocket option now available

#### *Print*

- flexo, max. eight colours (surface, reverse or sandwich)
- thermal transfer, single colour
- hot foil stamp, single colour (including metallics)
- any combination of flexo, thermal transfer and hot stamp print

#### *Material Options*

- OPP (Coex.) 30 & 40 micron
- CastPP 40, 50, 80 & 100 micron
- white opaque or transparent header
- laminates of OPP & CastPP
